CHIEF EXECUTIVE OFFICER.
& COMMITTEE MEMBERS
WAMS.
WALGETT

I am writing this personal letter on behalf of my husband (Councillor Ian Woodcock-WSC) and myself, to express our most sincere appreciation for the wonderful service and services your Organisation offers and provides.

We recently visited our Skin Specialist in Walgett and this reminded us just how very fortunate we are to have had past and ongoing use of your facility, as have numerous others from the many surrounding towns, villages and communities.

The availability of your many visiting Specialists / Health workers / Programs / Services to those of us living in outlying areas saves many people the time consuming, long and expensive trips to major centres (e.g. Dubbo, Tamworth, Sydney etc).

We acknowledge and commend your wonderful Staff - always friendly, courteous and extremely helpful. Phone calls are always returned when messages are left. They go out of their way to re-arrange and accommodate peoples' appointment needs and times. Always greet us with a smile.

In the busy-ness of life, we tend to take far too many things for granted.

I am truly sorry that this "Thank you" and acknowledgement of "a job well done" is long overdue, but better late than never!!

We do indeed wish you and your Organisation continued success and harmony.

Yours, very sincerely

Ian & Yvonne Woodcock.
