

OPEN DAY

Promoting the Alternative Birthing and the Healthy for Life programs

Goonimoo Assistants painted the faces of children. This activity allowed parents and carers time to discuss health issues and ask questions to staff.

Two lucky door prizes were offered to those attending the Day, a fruit and veggie box, and a gift bag containing baby items. Michelle Yow won the baby gift pack. Antoinette Lamb won the fruit and veggie box.

WAMS Child and Family Health Nurse found the Day to be successful as it allowed her to interact with both children and their parents/carers, and work as a team with other Healthy for Life staff.
