

Community Garden Signage

Staff of Walgett Aboriginal Medical Service Limited (WAMS) were present at their community garden on the 29th of November 2018 to unveil the recently designed Community Garden Sign.

The Community Garden provides local-grown produce for clients with a Chronic Disease.

For several years, produce from the Garden has been entered for competition at the annual Show with many prize-winning results. The 'ever-green' fingers of Ms Sophia Byers has been responsible for this very worthy recognition.

The sign, pictured with fruit and vegetables, is written in English and translated in the Gamilaraay Language by Beth Wright, a Walgett born local.

Staff who attended the unveiling were;

Christine Corby	CEO
Jill Murray	CDM
Wayne Beddall	H4L Coordinator
Ngawai Hyland	RN H4L
Mellisa Haley	H4L AHW
Mellisa White	FCPHC AHW
Nicole Kennedy	AOW
Whitney Skuthorpe	AFHW
Victor Murray	Gardener
