3-10 JULY 2022

Stakeholders provided games, colouring competitions, giveaways, live music, food and drink.

WAMS provided fruit, water and giveaway bags for adults and children, children's colouring competition, and human anatomy and health quiz. Newsagent gift vouchers were awarded to 8 children following judging, and 2 meat vouchers were awarded to Kimberley Fernando & Monique Fernando, who answered the quiz correctly. Discussions and education were provided to those participating in the quiz including; identifying organs affected by Diabetes, location of body parts, identifying strong blood foods and understanding the importance of the Cardiovascular system.

All stakeholders had the opportunity to promote services through conversations with fellow stakeholders and community members.
